Plus other fun activities like parachute fun, ball sports, nature exploring, art, creative movement, and more. Meet a different staff member each day sharing their knowledge and talents with students, teaching story art, story theater, ball sports, dance, cheerleading, an animal visitor, and nature adventures in our beyond garden, like butterfly

Plus Visit The Beyond

**Campers will take a walk around the gym to the Beyond Garden to experience nature. We will encourage their natural curiosity and exploration of the natural world outside. Campers can make their own contributions to our brick people village and learn a little more about the exciting world of nature, creatures (bugs, snakes, & toads oh my!) what fun**
